

Db_loader::keszvan

```
graph LR; A[Db_loader::keszvan] --> B[Db_loader::on_hibavan];
```

A diagram showing a transition from a state labeled 'Db_loader::keszvan' to another state labeled 'Db_loader::on_hibavan'. The first state is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

Db_loader::on_hibavan
