

picture_loader/picture
_load_plugin_interface.h

```
graph TD; A["picture_loader/picture_load_plugin_interface.h"] --> B["QString"]; A --> C["QWidget"]; A --> D["QMainWindow"];
```

The diagram illustrates the dependencies of the header file `picture_loader/picture_load_plugin_interface.h`. Three blue arrows originate from the bottom of the header file box and point to three separate boxes below it, representing the classes it depends on: `QString`, `QWidget`, and `QMainWindow`.
