

simplex_app/excercise
_load_plugin_interface.h

```
graph TD; A[simplex_app/excercise_load_plugin_interface.h] --> B[QString]; A --> C[QWidget]; A --> D[StandardItemModel];
```

The diagram illustrates a header file, simplex_app/excercise_load_plugin_interface.h, which includes three Qt classes: QString, QWidget, and QStandardItemModel. Three blue arrows point from the header file box to the respective class boxes below it.

QString

QWidget

QStandardItemModel
